

Self Inspection to ...

Identify Hazards and Safety Training Needs

1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

2 Why You Need This Workshop . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This program stresses the importance of inspection programs in order to comply with MIOSHA Standards. Learn how to identify potential hazards. Common workplace hazards, as well as effective control methods and measures, are examined. The importance of Job Safety Analysis and employee training is emphasized.

Agenda

We offer a flexible program agenda to emphasize the safety and health topics you want most.

- ▶ Identify Common Safety Hazards Throughout Workplace
- ▶ Understand Methods of Creating a Safe Work Environment Through Using:
 - ▶ Guards and Devices
 - ▶ Job Safety Analysis
 - ▶ Employee Safety Training
- ▶ Prevent Lower Back Injuries by Evaluating the Hazards of a Lifting Job Using the NIOSH Lifting Equation.

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Micshall Patrick is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. She has been with the Division for 17 years and currently provides consultation and training services for Kalamazoo, Kent, and Barry counties. During Micshall's tenure with CET, she has developed various safety training programs within the agency, including recordkeeping and powered industrial truck train the trainer.

Before working for the State of Michigan, Micshall was a personnel specialist with Kalamazoo County performing personnel functions and administering the county's workers' compensation program. She also chaired the County Safety Committee, which developed accident prevention programs for county employees. Micshall is a graduate of Kalamazoo College with a bachelor's degree in political science.
